

COP Stakeholder meeting agenda for Laboratory Systems Strengthening

Date	Time	Topics
Thursday 28 January PM	13:30 - 15:30	Strategy Planning Session with Global Fund Team <ul style="list-style-type: none"> - Review Updates on Alignment - Discuss further alignment strategies i.e. lab, DREAMS - Commodities procurement and distribution plan - Expansion of program areas such as KP.
Friday 29 January AM	09:00 - 12:00	Laboratory systems results review and strategic priorities <ul style="list-style-type: none"> - Review of laboratory program results - COP20 planned activities and benchmarks - New priorities for COP 21 - Major objectives for COP21 proposal - Partner and MOH roles and responsibilities
Monday 1 February AM	09:00 - 10:00	AMOSTRA Implementation <ul style="list-style-type: none"> - RFP and project overview - Scope - Proposed timelines - Roles and collaboration
	10:00 - 10:30	DISA link expansion
	10:45 - 12:00	VL/EID Expansion <ul style="list-style-type: none"> - Plans for laboratory consolidation and capacity increase - Plasma implementation - Laboratory solutions to support coverage increase - Community VL sample collection - Multiplexing
Monday 1 February PM	14:00 - 16:00	Laboratory support for Advanced Disease Package implementation <ul style="list-style-type: none"> - CD4 Assessment overview and tools - Diagnostic options for CD4 testing - Advanced disease package role out plan - Laboratory support activities - Plans for commodity quantification and supply planning

Tuesday 2 February AM	09:00 - 10:00	Quality assurance for HIV, EID, VL and CD4 POCT - Tester training and certification - Proficiency Testing coverage and benchmarks - Site supervision and corrective action - Roles and responsibilities
	10:00 - 11:00	EQA program expansion - New priorities for COP21 - Expansion and benchmarks - Roles and responsibilities
	11:00 - 12:00	Continuous Quality Improvement and accreditation - National FOGELA program - FOGELINHA Program results, barrier and strategic priorities for COP 21 - Clinical IP supported trainings
Tuesday 2 February PM	14:00 - 16:00	TB Diagnostics - Barriers and solutions to Gene Xpert network: equipment, sample transportation, supply chain gaps, results return - Solutions to challenges with GX Alert - Important considerations for Multiplexing - Site supervision and checklist - M&E for TB diagnostics (including roles and responsibilities)

Facilitator	Partipants	Note taker
PCO and Global Fund Fund Portfolio Manager	GF Team Geneva and CCM, Agency Leads, Multilateral Advisor, PCO, SI, Lab , Supply Chain, Global Fund PRs	
Jessina Masamha	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Leonardo
Dioniso Matos	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Jessina
Artur Ramos/ Bertrand Rose	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Jessina
Jose Almeida	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Flavio
Jessina Masamha	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs, Care and Treatment	Leonardo

Leonardo de Sousa	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Jessina
Leonardo de Sousa	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Flavio
Jessina Masamha	Interagency Lab, DCL, INS, APHL, UMB, Clininal IPs	Leonardo
Flavio Faife	Interagency Lab, DCL, INS, APHL, UMB, Clininal Ips	Almeida
